☐ = Opcodes related to a "Disclose" line that failed during inspection.

Each AutoNation Pre-Owned Vehicle has completed a test drive and has been inspected by a trained AutoNation Used Vehicle Technician. Each vehicle is required to pass certain safety and non-safety inspection points based on the vehicle sales type. However, not all items that may require service or replacement were completed. The items identified and not performed are designated by the term "Declined". I understand the vehicle was priced without including the cost to perform the declined services. AutoNation will provide these services on request and at your cost, prior to delivery or up to 14 days after delivery.

I (Customer name) _____ have read and understand the below disclosure.
